27th October 2022

Dear Parent/ Guardian

We as an Eco/ Healthy School Committee are writing to explain what we have achieved so far this term. We have regular meetings to share and discuss our ideas. We have written an action plan which covers water, transport, litter, school grounds, global citizenship, waste minimization and healthy living.

We have decided to tackle litter and healthy living as our first two priorities. We were very lucky to participate in a Keep Wales Tidy event. We took part in the COP 27 Baton relay that went through our community path because of all the good work the Eco Committee have done over the last few years, doing litter picks as part of Litter Free Zone.

As part of the healthy living element we are focusing on healthy snacks and lunchboxes. Thank you for your support with this. It will help us to achieve our 6th Healthy School Award.

During our meetings we talked about the amount of cakes we were eating every week for birthdays. We also think it is important that everyone in class is treated equally. We wanted to find out other ways of celebrating birthdays to make it a special day for everyone. We thought of some ideas and talked to our classes about it. We talked about our options with Mrs Harries and Mrs Powell. Thank you for answering our questionnaire we had nearly 100 responses. Here are the decisions which will now be in our Healthy Schools Policy;

Our birthdays (from November) will be celebrated by;

- Having a birthday sticker
- Given a special job for the day
- Singing Penblwydd Hapus

Thank you

Look out for our poster on twitter

Mrs Powell and the Eco/Healthy School Committee
