2024

Healthy
School/
ECO

Our Aims

- To improve physical health by promoting the use of water in our drink bottles.
- To develop children's rights across the school within assemblies and with signs such as right to water.
- To continue to embed positive behaviour by using Good to be Green, Class charter, stars and certificates
- To get Sport Ambassadors to lead playground games to have a positive impact on pupil's wellbeing.
- To promote mental wellbeing for pupils.
- To use SHRN and PERMA data to create a dynamic curriculum that adapts to the needs of the child.
- To work on embedding our knowledge of UNCRC to obtain silver award.
- To ensure children are only bringing healthy snacks for break times.
- To develop and improve recycling rates across school.

Actions for 2024-25

- Feedback to class about the need for healthy snacks and water at break times share ideas for making snacks in KS2, weekly tuck shop
- Develop School Garden and pond area -global goals
- Sports ambassadors to develop a range of games to play with the children supported by adults after training with RCT sports.
- To ensure each class is using the stars consistently to promote positive behaviour.
- To ensure that there is a consistent approach to wellbeing Wednesday to have a positive impact on wellbeing.
- To participate in Keep Wales Tidy with community litter picks linking to Global Goals
- Raise awareness of children's rights with wider community
- To develop the RSE curriculum to ensure that it is in code.
- Develop new FACE group to obtain parental views and work cohesively.
- Arrange workshops to support parents with a range of different skills.
- Obtain new bins for playground to promote recycling.

How will we know?

- Children to share their worries and work together to reduce anxiety and improve wellbeing.
- Each class to develop class charter and children talk about what is on it and why it is important to them.
- Daily check ins will show a change in how children are feeling.
- Improved PERMA data.
- Sports Ambassadors will gain confidence to lead a range of games.
- SHRN data will be used effectively to support children.
- Pupil Feedback
- Use of water and healthy snacks to improve across school.
- Raised awareness of Children's Rights with pupils and adults within the school and wider community
- Less black bag waste weekly.
- Garden and pond to be used effectively to engage children and develop their skills and knowledge
