Tonysguboriau Newsletter 13th February

Message from Mrs Harries

This week 'Y Senedd' (pupil representative from each of our pupil voice groups) met to continue their exciting work on the refurbishment of our Community Room. They spent time looking carefully at the plans, which will include new toilets, windows, doors and a refreshed kitchen area. Today they had the important job of choosing the colour schemes for the kitchen and flooring, and they worked together really well and I was impressed with their maturity.

We also talked about how this space could be used once it's completed. The pupils had lots of thoughtful ideas including hosting PIPYN family sessions, using it as a welcoming area when the Governing Body visit school to meet pupils and look at their books and learning, and even offering music lessons there.

It's wonderful to see our pupil representatives helping to shape a space that will benefit the whole school community. Watch this space for updates as the work progresses!

Update from Mr Blears

Shwmae all,

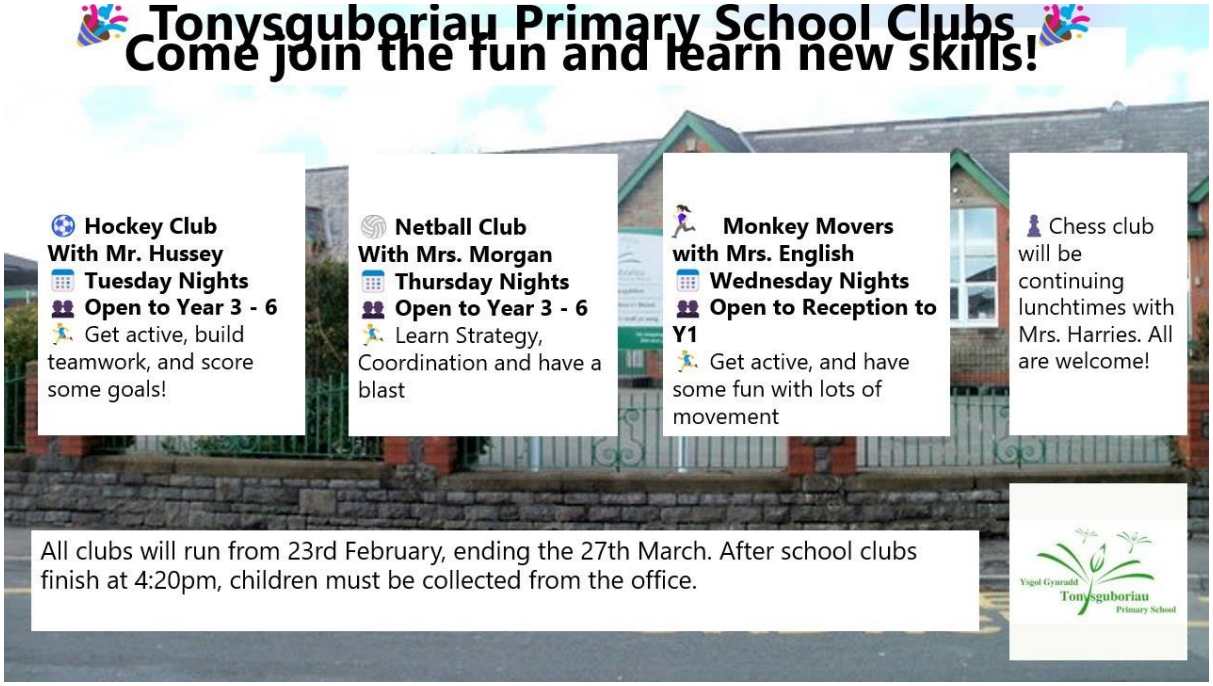

I hope you are all excited for our upcoming Eisteddfod celebration. I have had the pleasure to live in Wales for the last 10 years of my teaching career and I really value the opportunities we have to celebrate Welsh culture. I have the opportunity to watch a number of performances of many great Welsh songs and hearing the whole school singing our Welsh songs has been spectacular! I'm really looking forward to our first Friday back for the full celebrations.

Next week is of course half-term and I encourage you as much as possible to go out and experience our wonderful outdoors (weather dependent, though I do love the rain from my northern roots...) Go visit our parks, challenge yourself with the hills and mountains and enjoy one of the many independent shops from our local communities.

Have a restful break and stay safe!

Mr. Blears

Spring 2 Clubs

Thank you again to all the teachers who provided clubs in Spring 1. We will continue with a programme of clubs in the Spring term with new additions of Mr. Hussey's Hockey Club for years 3-6 and Mrs. English will be running Monkey Movers for a new group of Reception and Year 1 after half term. Mrs. Morgan will be running her Netball club again for years 3-6 too and Mrs. Powell's Wellbeing club will continue with the same children who attended it this half-term.

If you wish for your child to be involved, please fill in the following form here and you will be messaged via Bromcom on 20th February to let you know if your child has got a place or on the waiting list.

Thank you.

As we approach Mother's Day, the PTA is excited to announce the return of the Mother's Day gift shop. The PTA have carefully selected and wrapped beautiful little gifts for all of the wonderful mothers and mother figures in our school community. The children will be able to choose a gift for their mother or other special person in their life, from the gift shop, which will run during school hours w/c 9th March 2026.

We understand that the cost of living is increasingly difficult for many families, and we want to be sensitive to the financial pressures some may be facing. This year the PTA has decided to try something a little different. To ensure **every** child has the opportunity to choose a gift for their mother or mother figure, we are seeking voluntary contributions towards the cost of the gifts. We suggest a minimum donation of £2.50, this will cover the cost of one gift per child, but any donation will be greatly appreciated.

As a registered charity, the PTA relies on the generosity of our school community to fund events and initiatives like this. While we would love to offer these gifts without any cost, the reality is that we simply cannot run events like these for free. The donations we receive help cover the costs of the gifts, as well as other PTA activities that benefit our children and school. If you are in a position to donate, we kindly ask that you do so. This will enable us to give **every** child the opportunity to select a gift regardless of whether they are able to donate.

We know from previous years that many children will want to choose more than one gift, e.g. for stepmothers, grandmothers, aunties, teachers etc. Therefore, we will be offering each child the opportunity to purchase additional gifts. These will be £2.50 per gift. To help us manage the purchases, we ask that all donations and additional payments be paid in advance.

All donations and additional gift payments are to be made online. Please complete the online form and pay via the sum up app by **Monday 2nd March 2026**.**Forms will close at midday.**

https://forms.gle/gFYVAbqxNwBmtjJQA

If you have any concerns or would prefer to contribute in another way, please don't hesitate to reach out. We're here to work together as a community, and we want to make this Mother's Day celebration special for everyone. Thank you for your understanding and continued support. We truly appreciate the efforts each of you makes to contribute to our school's success and sense of community.

Warm Regards.

Tonysguboriau PTA

Good To Be Green

The new term has started and a new Good To Be Green challenge has satrted. Children will receive:

- A bronze certificate for 30 stars
- A silver certificate for 40 stars
- A gold certificate and a special Easter treat for 45

See the below image to learn how to see your child's stars using J2E on the HWB.

How to use JIT stars

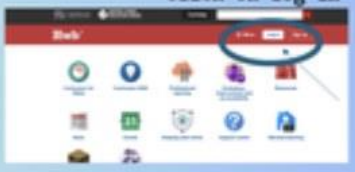

1 Google

Go to Google and type in hwb

2 login

click on log in

3 username and password

Put in your child's username, click next, then put in password and click next.

REMEMBER

Passwords are CASE SENSITIVE

4 J2E

Click on J2E.

5 J2 stars-

Click on J2 stars to see how many days your child has been on 'Good to be Green.'

Tonysguboriau Stars

Lauren Powell in year 2 has gained her level 4 swimming certificate. Well done for your hard work! Da iawn!

At Tonysguboriau, we love to celebrate all children's achievements. There are some achievements that we don't get to see that happen outside of school. Please send in photos and details of any achievements that your children have outside of school so that we can post them here and celebrate them with our community. Email blearsb2@hwbcymru.net with details and photos.

Any emails sent will be included in the next sway.

Criw Cymraeg News!

The Criw Cymraeg have had a very busy and exciting couple of weeks!

We have been working hard to prepare for the visit of Welsh artist, Rhiannon Roberts. During our pupil voice meetings, we carefully planned our mural to ensure it truly represents our cynefin here at Tonysguboriau Primary School.

The children felt it was important for the mural to include our school values and reflect the diverse and inclusive community we are so proud to be part of. We also wanted to celebrate our local history and make sure the design was bright and colourful to help brighten our school corridor.

Rhiannon perfectly understood our vision, and soon everyone got to work! Over 150 children from across the school had the opportunity to contribute by painting a section of the mural.

We are absolutely over the moon with the final result!

Watch the video below to see our fantastic mural come to life.

And that's not all the Criw Cymraeg have been up to!

Yesterday we visited La Trattoria Restaurant, where we met with Liza to learn more about the Italian language within our community. During our visit, we discussed exciting ways we can work together to bring the Italian and Welsh languages closer together.

The children conducted a fantastic interview with Liza, asking thoughtful questions and taking part in valuable discussions. They then shared creative ideas about how we could introduce more Welsh into the restaurant. Liza has kindly offered to support us at Tonysguboriau in learning more about Italian language and culture, which marks a very exciting beginning to our new partnership.

Some of the children's brilliant ideas include creating Welsh welcome signs for the restaurant and designing Welsh and Italian activity sheets to keep younger visitors entertained during their meals. This is just the start of what we hope will be a very special collaboration.

The highlight of our visit was, of course, the delicious pizza, which definitely received the children's seal of approval.

The Criw Cymraeg have truly set an example and are brilliant role models for our school community. They have shown real initiative by getting out into the community and thinking of innovative ways to strengthen the Welsh language and develop our sense of cynefin at Tonysguboriau. They have already achieved so much this academic year!

Welsh Language Speaking Opportunity for Parents and Carers

Every Thursday at 6.30pm, the Ivor Arms in Pontyclun hosts a Welsh club where people can go along to learn and practise speaking Welsh in a relaxed and welcoming environment. This is a great opportunity for anyone who would like to build their confidence with the Welsh language, whether you are a beginner or looking to improve your skills.

No pressure—just a friendly chance to learn, practise and enjoy Welsh together.

World Book Day – Thursday 5th March

Our Reading Champions have been very busy planning lots of exciting, book-focused activities for World Book Day, and we can't wait to celebrate a love of reading together!

Dress Down Day

Children can come to school in their **own comfy clothes** for the day, so they're ready for a relaxed day of reading fun.

Potato Book Characters

The week before, every child will bring home a potato.

We're asking the children to **transform their potato into their favourite book character**!

Our Reading Champions will choose a winner from each class, and each winner will receive a small prize.

Free Book Fayre – After School

We will be holding our **annual free book fayre** after school on World Book Day until 5.00pm.

If you have any children's books in good condition that your child has outgrown, we would be very grateful for donations.

We will organise the books into rough age groups, and every child can choose some "new" books to take home.

Activities Throughout the Day

- **The Masked Reader** – some of our staff will be reading their favourite stories, and the children can choose who to visit… but the staff will be disguised!
- **Stories with Hot Chocolate** – later in the day, classes will enjoy a cosy storytime with a warm hot chocolate.

It's going to be a wonderful day celebrating stories, imagination and the joy of reading!

Dosbarth Dwynwen

A very busy couple of weeks in dosbarth Dwynwen. We thought that this week we would talk about one of our provision areas that they use in their classroom. We have some wonderful areas that our children use very purposefully including the block play area. We give the children a really great opportunity to immerse themselves in their roles as builders with high visibility jackets and hard hats, for those inevitable collapsing structures.

We also have been enjoying the modern children's classic, *Oi Frog* this week. If you do not already own this book, here is a link to a youtube video of the book for you to enjoy together: https://www.youtube.com/watch?v=2da5yu6rpdg Sharing a book together is a wonderful opportunity and we really do encourage it. It has a wonderful rhyming scheme which the children in class really enjoy. You will know the answer to, "What do seals sit on?" and "What puffins sit on?"

In mathematical learning, we have been ordering numbers. Understanding the value of numbers is an incredibly important skill. Being able to order by quantity is a skill that we are hoping to expand on with all our children which will give them a great start with their mathematical development. If you can, give your children plenty of opportunities to count up items and order numbers using their toys and other household items.

Finally, we have also been looking at living and non-living things in our immediate environments. The children are making lots of scientific discoveries that builds on their understanding of the world around them.

We hope you have a lovely week off and spend lots of quality time together.

The Progress Step 1 team

Keep up to date with what's going on by visiting our class page - https://www.tonysguboriauprimaryschool.com/dwynwen/

Dosbarth Llewellyn

Mathematics and Numeracy

This week, the children have been counting confidently in 10s and 5s. They explored equal and unequal groups and began adding equal groups together. They enjoyed using practical resources to spot patterns and explain their reasoning.

Language, Literacy and Communication

We have started a new writing journey based on diary writing. The children have been practising the use of time connectives to order events clearly, as well as past tense verbs to describe what they have done. They are growing in confidence when discussing their ideas before writing.

Topic

As part of our topic work, the children have been practising their sketching skills and created wonderful pencil drawings of what an Edwardian classroom might have looked like. In RVE, they learned about kindness through the Christian parable of the Good Samaritan and reflected on how they can show kindness in everyday situations.

We also took part in a range of activities for Internet Safety Day, focusing on how to use voice assistants safely. The children can now talk about how to use these devices safely, and they know what to do if they are unsure or worried about anything they hear online.

Finally, we welcomed a very special visitor: Mr English (Mrs English's father-in-law). He grew up in the Rhondda Valley during the 1950s and early 1960s. The children were fascinated by the differences between his childhood and their own modern experiences.

Keep up to date with what's going on by visiting our class page - https://www.tonysguboriauprimaryschool.com/llewellyn/

Dosbarth Dewi Sant

We have had a brilliant couple of weeks learning all about plants, mini beasts and birds. The children have been so engaged and full of curiosity. We were very grateful to have Courtney visit us from Hidden Blooms Florist to talk about plants and flowers. She answered all of the children's questions beautifully, and we learned so much from her. To be a florist, you need to be wonderfully creative but also very knowledgeable about science, and the children were truly inspired.

After half term, we will be visiting Plantasia on the 9th of March. The children are already buzzing with excitement, especially about the Marvellous Mini Beasts workshop. They will

have the chance to get hands-on, meet some incredible creatures up close, and learn more about their habitats. Lots to look forward to.

We have also had a wonderfully busy and exciting time preparing for the Eisteddfod. The children have been practising their class item, 'Lawr ar Lan y Môr', and they have thrown themselves into it with so much enthusiasm. It has been lovely to see how much they are enjoying the performance.

Today, the whole school had the pleasure of watching the children perform their solos of 'Mi Welais Jac y Do'. Standing up in front of everyone takes a huge amount of confidence, and we are incredibly proud of how brave and ambitious our learners are. A big da iawn to the children who have been selected to perform on the day of the Eisteddfod. If your child has been chosen, you will have received an email with further details.

In class, the children have also been busy creating beautiful daffodil artwork inspired by Welsh artist Eloise Govier. Their use of colour and shape has been fantastic, and the finished pieces are full of character.

As part of our current writing journey, the children have been working on their senses poems. We have been exploring what you might see, taste, smell, feel and hear in Wales, and the children have come up with some truly imaginative ideas. These poems will be entered into the Eisteddfod competition, and the winners will be announced on the day.

In our Wellbeing Wednesday lessons, we have been focusing on kindness and friendships, particularly what it means to be a good friend. I have definitely noticed a positive improvement in the way the children are interacting with one another at school.

We are currently updating our classroom displays to reflect this learning. As part of this, the children designed their own superheroes. Meet Sparkle and Brave Boy, named by the children themselves.

I hope you all have a wonderful half term.

Diolch,

Mrs Gill

kindness

Keep up to date with what's going on by visiting our class page - https://www.tonysguboriauprimaryschool.com/dewi-sant/

Dosbarth Y Ddraig Goch

Over the past few weeks, Year 3 have been busy preparing for our Eisteddfod celebrations, which will take place on Thursday 27th February. The children have taken part in a range of exciting activities to help them learn more about Welsh culture, art, and storytelling. We have been exploring the work of Welsh artist Peter Prendergast, studying his bold and expressive landscape paintings. Inspired by his style, the children have created their own beautiful watercolour landscapes, showcasing their creativity and growing artistic skills.

For our writing competition, the children have been learning the traditional Welsh tale of Gelert the dog. They have retold the story in their own words, focusing on descriptive language and clear storytelling.

Alongside this, we have also been practising country dancing and singing in preparation for the celebrations. In addition to our Eisteddfod work, Year 3 have spent time learning about confidence, self-belief, and recognising their own unique strengths, an important part of their personal and emotional development. This week, we also marked Safer Internet Day, the day began with a fantastic assembly led by our Digital Leaders, followed by classroom

activities where each child created their own Online Safety Plan. This included thinking about how technology makes them feel, how to stay safe when playing online, who they can talk to if they feel worried, and setting their own rules for staying safe.

Another highlight this term was the opportunity for every child to work with artist Rhiannon Roberts to help create our brand-new school mural, now proudly displayed in the school corridor.

Home–School Task Reminder For this year's Eisteddfod home–school task, we would like the children to create a piece of artwork inspired by a Welsh landscape. This could include features such as: - mountains, valleys, rivers, coal mines or pit wheels, traditional Welsh cottages, or natural landmarks such as waterfalls and cliffs. Children might choose to illustrate a mining village, the South Wales Valleys, or any meaningful Welsh scene. The artwork can be created in any medium, paint, collage, crayons, chalk, pastels, marker pens, or mixed media. The finished piece should be free-standing (able to sit on a shelf). - Size should be no larger than A3, with A4 preferred. - All work must be the children's own.

Please return entries by Monday 23rd February. This task links closely with our current topic on geographical features, with a particular focus on Welsh mining.

Finally, I hope you all enjoy a fun and relaxing half-term break. A reminder that our class trip to Rhondda Heritage Park will take place after the half term break, I will send a separate email closer to the time with details about clothing, packed lunches, and arrangements for the day.

Thank you, as always, for your continued support.

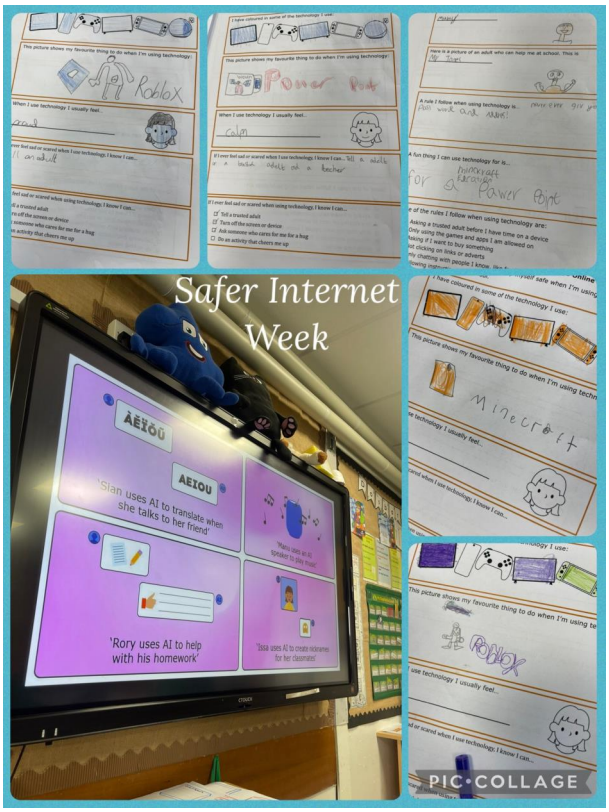

Mr Jones

Dosbarth Caradog

We have had a wonderfully busy and productive two weeks in Year 4. Da iawn to all pupils who have entered the music competitions for the Eisteddfod, they had a lot of confidence to perform and should all be incredibly proud of themselves.

In Literacy, the children have been focusing on narrative writing. We have been exploring the Welsh legend of *Cantre'r Gwaelod*, using it to develop skills in storytelling, description and setting. The class also retold the Story of Dwynwen through a narrative recount, linking to our wider topic of potions. The children worked particularly well on using descriptive sentences linked to the five senses to bring their writing to life.

In Maths, we have continued our learning on fractions, building confidence in calculating amounts of fractions and then accessing these skills when answering problem solving questions. After half term, we will begin our new unit on calculating perimeter, starting with rectangles before moving on to polygons.

The children have been busy preparing for the upcoming Eisteddfod. They wrote a poem about their favourite parts of Wales, imagining these elements being combined to create a magical Welsh potion. These ideas then inspired their art task, where they designed and decorated a potion bottle filled with their chosen Welsh places, landscapes and symbols.

Using mixed media, the children experimented with a range of techniques to add texture, detail and shape, resulting in some excellent creative work.

Reminder- Eisteddfod home tasks are due in on **Monday 23rd February**. Thank you for your support with these.

For swimming on Wednesday 25th February, can all children bring in a spare t-shirt and pair of shorts **as well as** their swimming costume.

Unfortunately, I will be away from school for the first two weeks after half term as I have been called to carry out an essential public duty. Ms Boat will be covering me for these two weeks. If you have any questions or queries continue to message/ email myself and I can forward these onto her.

Wishing you all a restful half term,

Miss Larkins

Keep up to date with what's going on by visiting our class page - https://www.tonysguboriauprimaryschool.com/caradog/

My school email is larkinse8@hwbcymru.net.

Dosbarth Branwen

Literacy

Over the past few weeks in Literacy, the children have been developing their narrative writing skills by creating their own versions of the legend *Branwen and the Cauldron of Secrets*. They have focused on describing characters and settings in detail and learning how to include these descriptions naturally within their stories to make them more engaging for the reader. The children have also been working on improving their vocabulary by using present participles, similes, metaphors and personification to add interest and depth to their writing.As part of this work, the children created their own stop-frame animations retelling either the story of *Gelert* or *Branwen*. Working in groups, they planned scenes, used descriptive phrases in their narration and brought the stories to life creatively. These animations will be uploaded to the school website shortly for you to enjoy.

Maths

In Maths, the children have been learning about area and perimeter. They now understand that the perimeter is the distance around the outside of a shape, while the area is calculated by multiplying the length by the width. This week, they have also been using coordinates to draw and reflect shapes across all four quadrants, helping them develop confidence in working with coordinates and negative numbers.

Area and perimeter - https://www.bbc.co.uk/bitesize/topics/zfnqfdm

Co-ordinates - https://www.bbc.co.uk/bitesize/topics/zw8vwsg

Topic

In Topic, the children have been learning about trade during the Tudor and Stuart periods. They explored items that were imported and exported during this time and used Excel to input this information into a spreadsheet. They also practised using formulas to calculate amounts by multiplying the costs by the quantities ordered. In addition to this, the children researched different Tudor and Stuart kings and queens, gathering important facts and turning them into Top Trump–style cards. They compared each monarch's power, influence, popularity and level of danger, developing their research and data-handling skills in a fun and engaging way.

Music and Dancing

The children have been practising their songs and dances for the Eisteddfod and have been showcasing their talents, whilst playing a variety of musical instruments. I have filmed each performance and will upload to our webiste in due course.

Art Experience With Rhiannon Roberts

The children really enjoyed painting their designs to create a big welsh mural with Rhiannon Roberts. She spent the day with the children and each child got to add their part to the mural. This will be put on display in our school, very soon! The children have also been creating their Esiteddfod art work of themselves as a tudor or Stuart King or Queen!

Reminder: The Eisteddfod home-school tasks information has been sent home and I have also uploaded it to our Google Classroom. They need to be returned to school by **Monday 23rd February**, as the juding of the entires will be that day, We will be making a display of all the entires and each one will also earn points for their houses. The competition is also still open for the Bard - writing a poem about Cynefin and what being Welsh means to you.

Keep up to date with what's going on by visiting our class page - https://www.tonysguboriauprimaryschool.com/branwen/

Dosbarth Gelert

Literacy

Over the past few weeks we have been working on our writing journey of 'Welsh myths' with the focus on narrative texts. The pupils have worked hard to develop their use of similes, personification, onomatopoeias, metaphors and descriptive vocabulary, using a wide range of adverbial and prepositional sentence starters, and trying to add more detail into their sentences by using 'with'. They have completed excellent pieces of descriptive writing about

Welsh characters and settings, and completed descriptive work with half of the class using AI to support their description and creation of an image of a Welsh mythical landscape whilst the other half of the class used more traditional means to support their description using a painting called The Bard. We compared the two pieces of work to look at the advantages and disadvantages of using AI in our tasks. The children used what they had learnt to create their own Welsh myth which will be their writing entries for the Eisteddfod.

Numeracy

Over the past two weeks we have focused on area and perimeter and co-ordinates. We have looked at maths problems to do with both of these aspects of maths looking at different ways to solve the problems and creating our own problems to test out our friends in the class. We have learnt how to calculate area and perimeter of rectilinear shapes, parallelograms and triangles and how to use this to calculate the area of more complex and compound shapes. In co-ordinates we have learnt how to translate objects across four quadrants working in positive and negative numbers. To practice some of what we have been learning about at home you can go to:

Area and perimeter - https://www.bbc.co.uk/bitesize/topics/zfnqfdm

Co-ordinates - https://www.bbc.co.uk/bitesize/topics/zw8vwsg

Topic

We have continued our topic of **Britain at War** by looking at the end of World War One and the start of World War Two with the children looking at the main causes of WW2 and how lessons had not been learnt from WW1. We have also investigated the advance in technology with weapons in WW2 and how these have led to inventions that we use all the time today for more peaceful reasons such as rockets, jet engines and code-breaking.

We had a fantastic trip to the Glamorgan Archives where the archivists let us handle and look at real documents such as maps, ID cards, ration books and school log books. We learnt a lot about which parts of Cardiff had been bombed and where children had been evacuated from. The children were all amazing and asked some brilliant and insightful questions showing they had listened really well and also showing their interest in the topic. We also got to go in the archives strong room where lots of incredible old documents, pictures and information is kept, some as old as the 1200s! Pictures from our trip can be viewed on our class website by following the link below.

Reminder: The Eisteddfod home-school tasks information is on our Google Classroom. Let's have as many entries as possible, every one gets points for your house. The competition is also still open for the Bard - writing a poem about Cynefin and what being Welsh means to you. If this is completed on computer it can be shared with me and then I can print it off in

school or it can be handwritten, either way don't forget to put a pseudonym to make it anonymous.

Have an enjoyable half-term break.

Keep up to date with what's going on by visiting our class page - https://www.tonysguboriauprimaryschool.com/gelert/

St David's Day School Dinner Menu

School Crossing

Please note that Mr Lampka will not be on the crossing between March 3rd and 9th so please be careful when crossing the road.

Also, a gentle reminder to park safely and please not park on the zig zag lines when bringing your children to school. Thank you!

Dates for the diary Spring 2026

Wednesday 25th February - PTA Dance Into Spring Disco

Thursday 26th February - Choir singing at Sainsburys 1:30pm

Friday 27th February - St David's Day - Welsh Costumes

Wednesday 4th March - Y3 Trip Rhondda Heritage Park

Thursday 5th March - World Book Day

Friday 6th March - Colour Donations Day/ Easter Raffle Donations

Monday 9th March - St Fagans Trip Y1

Monday March 9th - Plantasia Trip Y2

Wednesday 11th March - Year 6 Residential Storey Arms

Monday 16th March - Parent's Evening/Booking through MCAS

Thursday 19th March - Parent's Evening/Booking through MCAS

Friday 20th March - Ser Yr Eisteddfod

Friday 27th March - End of Term

School starts back - Monday 13th April
